Introduction

Introduction

State law recognizes the vital role that local governments play in the supply and affordability of housing. Each local government’s governing body (in the case of Del Norte County, the Board of Supervisors) is required to adopt a comprehensive, long-term plan (the General Plan) for the physical development of the city or county. This plan, the Housing Element, is one of the seven mandated elements of the General Plan.

California Housing Element law (Government Code Section 65580), enacted in 1969, mandates that local governments adequately plan to meet the existing and projected housing needs of all economic segments of the community. The law acknowledges that, in order for the private market to adequately address housing needs and demand, local governments must adopt land use plans and regulatory systems which provide opportunities for, and do not unduly constrain, housing development. As a result, housing policy in California rests largely upon the effective implementation of local General Plans and, in particular, local Housing Elements.

An effective Housing Element provides the necessary conditions for preserving and producing an adequate supply of affordable housing. Among other things, the Housing Element provides an inventory of land adequately zoned or planned to be zoned for housing, certainty in permit processing procedures, and a commitment to assist in housing development through regulatory concessions and incentives. In addition to this fundamental framework the Housing Element update process provides a vehicle for establishing and updating housing and land-use strategies reflective of changing needs, resources, and conditions.

The 2022 Del Norte County Housing Element Update was prepared by the Planning Division of the Del Norte County Community Development Department and the County's Consultant Team. The Housing Element represents the County’s plan for addressing the housing needs of the residents of the unincorporated areas of Del Norte County through June 2030.

Before it can go into effect the Del Norte County Board of Supervisors must approve the Housing Element and the California Department of Housing and Community Development (HCD) must review and certify it. Once finally approved by the Board of Supervisors and certified by HCD the Housing Element becomes an operative part of the County’s General Plan.

2022 Housing Element Organization

Background Report

Published under separate cover, the 2022 Housing Element Background Report provides the data and analysis that informs the Policy Document. Sections of the Background Report include:

- **Needs Assessment:** an assessment of demographic, population, household, and economic trends, as well as a discussion of projected housing needs through 2030.

Introduction

- **Sites Inventory and Analysis:** identifies residential capacity to meet the identified housing needs for all income levels.
- **Constraints on Housing:** identifies governmental and non-governmental constraints to residential development.
- **Affirmatively Furthering Fair Housing (AFFH):** analyzes fair housing data and issues in the County to proactively further fair housing.
- **Other Requirements:** summarizes public outreach effort, General Plan consistency, and other requirements.
- **Evaluation of the Previous Element:** describes housing production in the 5th Housing Element Cycle and evaluates the effectiveness of implementation programs.

Policy Document

The 2022 Housing Element Policy Document establishes the County's housing action plan for the 6th Cycle (2022-2030). The Policy Document includes seven goals, supported by policies and implementation programs that aim to address identified housing needs during the planning period. The goals, policies, and programs of the Housing Element establish a policy framework to guide county decision-makers to meet identified housing needs. The goals in this Element include:

- Goal A: To Provide Adequate Sites to Accommodate the County Housing Needs
- Goal B: To Assist in the Development of Lower Income Housing
- Goal C: Address and Remove or Mitigate Constraints
- Goal D: Conserve and Improve the Existing Housing Stock
- Goal E: Preserve Units at Risk of Conversion to Market Rate Uses
- Goal F: Affirmatively Further Fair Housing
- Goal G: Safe and Healthy Housing

Goals

The housing goals are articulated as general “end condition statements,” which describe a desired outcome or end state. The goals do not contain an action verb as they reflect a final statement of what the county hopes to achieve. Goals describe ideal future conditions for a topic and tend to be general and broad in nature. How the goal will be achieved is established via the applicable policies and programs.

Policies

Policies are statements on the position the County takes to implement a goal. Policies contained in the Housing Element are important statements as they provide a clear and unambiguous statement that guides a specific course of action for decision-makers to achieve a desired goal. Future actions and development must be consistent with these policies.

Introduction

Programs

While many policies can be implemented as part of standard County operations, some policies require specific programs to assure their implementation. Housing programs define the specific actions the County will undertake to achieve the stated goals and policies.

Program Requirements

Government Code Section 65583(b)(1) requires that Housing Elements contain “a statement of the community’s goals, quantified objectives, and policies relative to the maintenance, preservation, improvement, and development of housing.” This section of the Housing Element sets forth the County’s Quantified Objectives, Goals, Policies, and Programs which are intended to collectively address the identified housing needs of Del Norte through 2030. The Housing Element is required to address six broad requirements in its goals and policies:

- Provide adequate sites to accommodate housing need
- Development of lower income housing
- Address and remove or mitigate constraints
- Conserve and improve the existing housing stock
- Preserve units at-risk of conversion to market rate uses
- Promotion of equal housing opportunity.

More specifically, this section of the Housing Element contains programs which set forth a schedule of actions the County is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the County through the administration of land use and development controls, provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available.

Quantified Objectives

The quantified objectives estimate the number of units likely to be constructed, rehabilitated or conserved/preserved by income level during the planning period. The quantified objectives do not represent a ceiling on development, but rather set a target goal for the jurisdiction to achieve based on needs, resources and constraints.

Based on previous permit activity and housing stock conditions anticipated new construction, replacement, and rehabilitation goals are provided in Table 2. The Sites Inventory identifies a surplus of potential sites in order to accommodate the new construction needs listed.

Table 2: Quantified Objectives

Income Group	Construction	Rehabilitation	Conservation/Preservation
Extremely Low	30	40	1
Very Low	102	40	2
Low	75	60	5
Moderate	55	100	5
Above Moderate	154	200	2
Total	386	440	15

Goals, Policies, and Programs

The programs described in this section represent the actions the County proposes to take to implement its policies and achieve stated goals and objectives. These programs reflect the results and analyses of the County’s local housing needs, available land and financial resources and the mitigation of identified governmental and non-governmental constraints.

Based on goals required by State housing law as well as local identified goals, analysis of the effectiveness of the previous housing elements, and public input the goals, policies, and programs presented in this section have been identified for the 2022-2030 Housing Element.

Goal A: To Provide Adequate Sites to Accommodate the County Housing Needs

A fundamental component of the Housing Element is the identification of adequate sites, with appropriate zoning, development standards, and services to accommodate the County’s share of the regional housing needs for each income level within the unincorporated area of the County. The County aims to use a variety of planning tools to ensure that adequate sites are identified as being available for housing development.

Policy A-1: Land for Residential Development

The County shall continue to maintain a sufficient supply of land designated for residential development to meet the identified housing needs for the planning period.

Policy A-2: Monitor Residential Building Activity

The County shall monitor residential building activity by income categories on an annual basis to help determining whether the County housing needs are being met.

Policy A-3: Adequate Water Service

The County will continue to work with outlying services agencies regarding adequate water service, where applicable.

Policy A-4: Prioritize Public Utilities

The County will continue to support the prioritization by service providers of public utilities for lower income housing development, as required by Government Code Section 65589.7.

Goal B: To Assist in the Development of Lower Income Housing

Due to limited public resources the development of lower income housing in Del Norte County has historically been done by private developers. Despite its limited resources the County has consistently sought to assist in the development of lower income housing whenever possible. The policies and programs listed below illustrate how the County can indirectly facilitate the development of more affordable housing through effective administration of land-use controls and by providing appropriate regulatory concessions and incentives.

Policy B-1: Surplus Land Inventory

The County shall compile an inventory of surplus properties owned by the County or other public entities. The inventory will include donated land and land otherwise acquired by the County.

Policy B-2: Non-profit Developer Partnerships

The County shall initiate partnerships and continue to work with non-profit developers to assist the development of housing affordable to extremely low-, very low- and low-income households.

Policy B-3: Permit Process Streamlining

The County, working with the Housing Authority, local non-profit organizations, or developers, shall encourage the development of housing for very low- and low-income households through permit process streamlining, including permit coordination, letters of support, and pre-application consultation.

Policy B-4: Funding Coordination

The County shall continue its efforts to coordinate with funding agencies to identify and improve competitiveness for housing related funding.

Policy B-5: Special Needs Housing

The County shall strive to address the unique housing needs of seniors, large families, single-parent households, the homeless, persons with disabilities (including developmental disabilities, and farmworkers.

Policy B-6: Assist in Serving the Needs of Homeless Persons

The County shall assist non-profit organizations that provide emergency shelter and other support services to homeless persons.

Goal C: Address and Remove or Mitigate Constraints

The County should address, and where possible, remove governmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels and for persons with disabilities including developmental disabilities.

Policy C-1: *Accessory Dwelling Units*

The County shall promote the development of accessory dwelling units to ease a rental housing deficit, maximize limited land resources and existing infrastructure and assist low and moderate-income homeowners with supplemental income.

Policy C-2: *Increase Residential Density Standards*

The County shall revise its General Plan land use designations to allow up to 15 dwelling units per acre in commercial areas that have public sewer and water service.

Policy C-3 *Remove Governmental Constraints*

The County shall continue to streamline the Zoning Code and permitting procedures.

Policy C-4 *Maintain, Upgrade, and Expand Infrastructure Systems*

The County shall continue to seek funding to maintain, upgrade, and expand sewer and water delivery systems and shall update impact fees as necessary.

Goal D: Conserve and Improve the Existing Housing Stock

The existing affordable housing stock found within the County is a valuable resource and, as such, policies in this section are intended to help conserve and improve it. Based on the aging of the housing stock it is anticipated that a large number of units will require rehabilitative work. A total of 440 units are identified in the Quantified Objectives for rehabilitation during the current planning cycle.

Policy D-1: Housing Rehabilitation

The County shall encourage and incentivize rehabilitation of dwelling units found to be substandard or a threat to health and safety through Code Enforcement efforts. The Code Enforcement and Planning Divisions shall aim to educate property owners on various funding opportunities to assist in the remediation of housing related code violations.

Policy D-2: Rehabilitation Subsidies

The County will continue using available subsidies for the rehabilitation of lower income housing units.

Policy D-3: Weatherization

The County, through the Senior Center and subject to available funding, will continue to provide rehabilitation assistance in the City of Crescent City and County for weatherization of existing housing units.

Policy D-4: Residential Neighborhood Preservation

The County shall preserve residential neighborhood appearances and make them more livable, particularly within and around neighborhoods with schools.

Goal E: Preserve Units at Risk of Conversion to Market Rate Uses

While no instances of assisted housing being at risk of conversion to market rate in the current or next planning period have been identified, the County will continue to monitor the local assisted housing stock for the possibility of conversion. In order to preserve the locally available stock of assisted housing units the County will actively participate in the preservation of assisted housing units from conversion to market rate rentals whenever needed.

Policy E-1: Assisted Housing Conversion Risk

In conjunction with the Housing Authority, the County shall regularly review the status of assisted rental units at risk of conversion to market rate rents and respond as appropriate.

Goal F: Affirmatively Further Fair Housing

The County shall take actions to overcome patterns of segregation, address disparities in meeting housing needs and access to opportunity and foster inclusive communities and shall actively participate in ensuring fair housing to promote equal housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status or disability.

Policy F-1: Housing Authority Support

The Housing Authority serves as the local lead agency on matters involving Fair Housing. The County will continue to support the Housing Authority to the greatest extent possible through distribution and posting of fair housing information, referrals to the Housing Authority, and any assistance that may be periodically needed. The County shall also support the Housing Authority use of the Federal Section 8 program, as well as its landlord education program in order to provide candidates for replacement of units, which may be removed from the program.

Policy F-2: Amend “Family” Definition

The County shall review its current definition of “family” in the zoning code and amend it as needed in order to comply with the law and not discriminate against non- traditional families and persons with disabilities.

Policy F-3: Equal Housing Opportunity

The County shall actively promote equal housing opportunities for all regardless of age, race, religion, sex, marital status, sexual orientation, ancestry, national origin, or color.

Policy F-4: Shared Residential Living

The County shall encourage and support shared residential living serving the developmentally disabled who are at-risk of homelessness or at-risk of institutionalization should be encouraged as a way to accommodate the housing need of this population and to address the increase in the homeless who have some form of developmental disorder and/or mental disability.

Policy F-5: Support Efforts to Affirmatively Further Fair Housing

The County shall support ongoing efforts of federal, State, regional, and local efforts to affirmatively further fair housing through the enforcement of fair housing laws and prohibiting discrimination in the development, financing, rental, or sale of housing.

Policy F-6: Equitable Public Investment Distribution

The County shall review public investments to ensure equitable distribution of public facilities, services, and infrastructure to all areas of the community, with priority given to areas supporting affordable housing.

Policy F-7: Support Inclusive Programs and Housing

The County shall support programs and housing developments that support inclusive, racially and ethnically diverse, and mixed-income residential communities throughout the county, such as inclusionary housing programs, intergenerational housing, and large family units.

Policy F-9 Tenant Protections

The County shall work with the Housing Authority to prevent unjust evictions, including but not limited to, implementing emergency eviction protections in extraordinary circumstances (e.g., COVID-19).

Policy F-10 Rehabilitation Assistance Fund

The County shall look for funding sources to restart, maintain, and expand the Owner-occupied Rehabilitation Program.

Goal G: *Safe and Healthy Housing*

The County shall review new housing development for consistency with healthy housing concepts to promote healthy and safe housing opportunities in the County.

Policy G-1: Crime Prevention Through Environmental Design

The County shall encourage new housing development to be designed in a way so that criminal activity is deterred through environmental design to the greatest extent practicable.

Policy G-2: Smoke-free Housing

The County shall encourage new housing development to be “smoke free” to improve the health of those living in multifamily housing.

Implementation Programs

Table 2 includes implementation programs for the 2022-2030 Housing Element.

Table 2: Housing Element Implementation Programs

<p>HE-A Available Sites Inventory</p> <p>The County will prepare a sites inventory and suitability analysis that identifies suitable sites for housing development that allows targeted income housing developers to have a clear idea of what sites are suitable for meeting the Regional Housing Needs of the County. The County will monitor progress toward program objectives and implement additional measures as necessary if the metrics are not being met.</p> <p>The County shall rezone sites identified to meet a shortfall in lower-income RHNA capacity, in compliance with Govt. Code Section 65583.2(h) and (i), to:</p> <ul style="list-style-type: none"> • permit owner-occupied and rental multifamily uses by-right (without discretionary approval) for developments in which 20 percent or more of the units are affordable to lower income households. • accommodate a minimum of 16 units per site • require a minimum density of 16 units per acre, and • accommodate at least 50 percent of the lower-income sites designated for residential use only or on sites zoned for mixed uses that accommodate all of the very low and low-income housing need, if those sites: <ul style="list-style-type: none"> ○ allow 100 percent residential use, and ○ require residential use occupy 50 percent of the total floor area of a mixed-use project. <p>The County shall maintain an inventory of parcels meeting the requirements of Government Code Section 65583.2(c); that is, vacant sites identified in two or more consecutive housing elements or nonvacant sites identified in a prior housing element, that are identified to accommodate housing for lower income households. All previously used lower income sites currently meet the density threshold for lower-income housing in Del Norte County (15 du/ac). The County shall update the zoning code to allow by-right approval for housing developments that include 20% or more of its units affordable to lower income households on these previously identified sites and shall make the inventory available online.</p>	<p>Identify housing sites suitable to accommodate: Very low income: 102 units Low income: 75 units Moderate income 55 units Above Moderate income: 154 units Total: 386 units</p> <p>In order to mitigate the loss of affordable housing units, require new housing developments to replace all affordable housing units lost due to new development.</p> <p>Adopt and implement the replacement requirement immediately and apply as applications on identified sites are received and processed.</p> <p>Address the lack of affordable units in the county by providing surplus capacity beyond the RHNA, including capacity for at least 100 lower-income units and at least 250 total units.</p> <p>Rezone previously identified sites to allow by-right approval for affordable development (min. 20%)</p>	<p>A-1</p>	<p>Community Development Department (Planning Division)</p>	<p>General Fund</p>	<p>Annually.</p> <p>Inventory of parcels used in consecutive housing elements: 2023.</p> <p>Adopt replacement policy and requirement: by Sept 15, 2023</p> <p>Identify additional capacity beyond the RHNA: 2023</p> <p>Rezone previously identified sites: by Sept. 15, 2023</p>

<p>The County will adopt a policy and will require replacement housing units subject to the requirements of Government Code section 65915 on sites identified in the site inventory when any new development (residential, mixed-use, or nonresidential) occurs on a site that is identified in the inventory with existing residential units. [Existing Program A-1, modified]</p>					
<p>HE-B Monitor Housing Construction Activity</p> <p>The County will regularly monitor housing construction activity to ensure that sufficient land remains available to meet the 2022-2030 Regional Housing Needs Allocation. The County shall monitor affordability and location of available sites and shall identify and rezone sites at appropriate densities throughout the county in compliance with SB166 no-net-loss requirements, and particularly in high opportunity areas, as defined by the Affirmatively Furthering Fair Housing Analysis (see Chapter 4), in line with the County's commitment to affirmatively further fair housing. This program will allow for quicker updates to future Annual Progress Reports as the data would be available in a quickly accessible database. [Existing Program A-3, modified.]</p>	<p>Maintain accurate and current data showing housing development (new units created, rehabilitated, demolished, etc.) within the County in a consolidated database.</p>	<p>A-2</p>	<p>Community Development Department (Building Inspection Division and Planning Division).</p>	<p>General Fund</p>	<p>Development activity is tracked in real time in a database maintained by the Building Inspection Division with internal reports produced monthly for various staff uses.</p> <p>Reporting to HCD: annually</p> <p>Rezoning to ensure sufficient sites: annually, if needed.</p>
<p>HE-C Coordination with Rural Public Utilities</p> <p>The County depends on rural water districts to provide public water in certain unincorporated parts of the County. If these water districts were unable to provide their services housing capacity may not be able to be fully accommodated. The County shall coordinate with the water districts annually to ensure ongoing viability of the water districts and identify potential opportunities to expand existing systems within low resource areas. The County shall publicize a memo summarizing coordinated efforts and potential opportunities by 2026. [Existing Program A-4, modified]</p>	<p>Annual coordination with water districts</p> <p>Identify opportunities and actions to expand existing systems to low resource areas</p>	<p>A-3</p>	<p>Community Development Department (Planning Division and Environmental Health Division).</p>	<p>General Fund</p>	<p>Annually. <p>HE-H Non-Profit Development</p> <p>Working with the building community, especially nonprofit housing developers, advocacy groups, and tenants, makes assisting in the development of affordable housing easier and more effective. The County shall meet with non-profit developers every two years in an effort to create a partnership between the County Community Development Department and potential developers of housing for lower income households. [Existing Program B-2]</p>	<p>Sponsor biannual meetings with non-profit developers to discuss the available sites, resources, and incentives for affordable housing development, and to explore opportunities for project-based partnerships.</p>	<p>B-2</p>	<p>Community Development Department (Building Inspection Division and Planning Divisions).</p>	<p>General Fund</p>	<p>Biannually</p>
<p>HE-I Facilitation of Lower Income and Special Needs Housing</p> <p>The County will encourage development of rental housing for extremely low-, very low-, and low-income households, as well as special needs households (including seniors, large families, female-headed households, persons with disabilities, persons with developmental disabilities, and farmworkers).</p> <p>The County shall support the construction of additional affordable housing through:</p> <p><i>Program actions are continued below.</i></p>	<p>To enhance opportunities to find decent, affordable housing for lower income households and seniors.</p> <p>To encourage the production of affordable, safe, and secure housing accessible to persons with special needs, particularly in high opportunity areas and within proximity to necessary services.</p> <p>Encourage the development of 102 very low-income units and 75 low-income units during the 2022-2030 timeframe.</p> <p>Encourage the development of 25 affordable senior housing units.</p>	<p>B-2, B-3</p>	<p>Community Development Department (Planning Division)</p>	<p>General Fund</p>	<p>2022-2030</p> <p>2023 (Action a)</p> <p>Once by 2025, once by 2029 (Action b)</p> <p>By 2026 (Action c)</p> <p>Annually (Actions d and f)</p> <p>Biannually (Action d, and e)</p>

<ul style="list-style-type: none"> a) The County shall continue to provide an Informational Guide in print form and on the County website regarding reasonable accommodations. This guide will be updated annually, as needed, to reflect changing regulations and requirements. The County shall provide these informational materials in Spanish by 2024. (existing action, modified) b) The County will sponsor two meetings in the planning period with senior housing advocates to identify needs and potential new solutions. (new action) c) The County will hold stakeholder interviews with senior housing developers and non-profit organizations to locate and encourage the construction of senior low-income housing. (new action) d) The County will contact agricultural employers and local organizations every two years to monitor and assess the needs for farmworker housing within the community and to discuss constraints to the development of housing for agricultural employees. (new action) e) The County shall review the reasonable accommodation request process biannually to identify and remove constraints. (new action) f) The County shall annually identify sites appropriate for the development of special needs housing in moderate and high resources areas and shall make findings available on the County website. (new action) [Existing Program B-3, modified] 					

Implementation Programs	Objectives	Implements What Policies	Who is Responsible	Potential Funding Source	Timeframe
<p>HE-J Facilitation of Extremely Low-Income Housing</p> <p>The County will encourage the development of housing for extremely low-income households, specifically in high resource areas immediately north of Crescent City, as identified in the AFFH analysis, through a variety of activities including outreach to housing developers, providing technical assistance, providing expedited permit processing, and offering incentives beyond the Density Bonus provisions, including streamlined ministerial permit processing and variances from development standards, such as parking, setback, and maximum lot coverage requirements that constrain the production of extremely low-income housing on a particular site.</p> <ul style="list-style-type: none"> a) The County shall update its website to identify available assistance and incentives as well as a staff person that can be contacted by interested developers. The County shall provide this information in English and Spanish. b) The County shall meet with affordable housing developers individually or through a group workshop twice within the planning period to discuss potential sites, opportunities, and constraints. 	<p>Assist with the development of 30 extremely low-income units through technical assistance or incentives.</p> <p>Annually monitor NOFAs or as projects are processed through the Planning Division.</p> <p>Update the variance findings in DNCC 20.54 to incorporate findings related to constraints to extremely low- and lower income housing developments.</p> <p>Update the County's website with available incentives and contact info by January 2024.</p> <p>Meet with housing providers at least twice during the planning period.</p>	<p>B-2, B-3</p>	<p>Community Development Department (Planning Division)</p>	<p>General Fund</p>	<p>2022-2030, and as specified in the listed objectives</p> <p>Incentives: streamlined processing and updated variance findings: 2023</p> <p>Meet with developers: twice within the planning period</p>
<p>HE-K Identification and Application for Funding</p> <p>The County will Identify and successfully apply for housing-related funding, which is critical for developing lower income housing and demonstrates the commitment of the County in partnering in the development of housing, to help meet the regional housing need allocation of the County. As an example, the Del Norte County Department of Health and Human Services applied for and was awarded a \$2.8 million 2020 Homekey Program grant for the acquisition of an existing 30-unit motel into interim housing by the end of 2020 and permanent housing (apartments) by July 2021. The project is located within the jurisdiction of the City of Crescent City. [Existing Program B-4, modified]</p>	<p>The County will prepare at least two applications seeking funding for housing related projects in the planning period. It is hoped that housing related funding will assist the County in meeting at least 25 percent of its housing need through creation of new housing and/or rehabilitation and maintenance of existing housing.</p>	<p>B-4</p>	<p>County Administrative Department Department of Health and Human Services</p>	<p>General fund (staff time) HOME Program, state and Federal tax credits, and US Dept. of Agriculture Rural Housing Service grants and loans</p>	<p>Annually</p> <p>Funding Application: Minimum of two within the planning period</p>

<p>HE-L Developmental Disability Services</p> <p>The County will work with the Crescent City Housing Authority to implement an outreach program that informs families within the county about housing and services available for persons with developmental disabilities. The program could include the development of an informational brochure, including information on services on the County's website, and/or providing housing-related training for individuals/families through workshops. Materials will be provided in Spanish. To work to overcome technological barriers in areas with concentrations of residents with a developmental disability, the County will distribute hardcopies of materials to churches and other community centers in the Klamath and Bertsch-Oceanview areas.</p>	<p>Develop and publicize an outreach program to engage residents with a developmental disability by 2025.</p>	<p>B-2, B-3</p>	<p>Community Development Department (Planning Division)</p> <p>Department of Health and Human Services</p>	<p>General Fund</p> <p>SB 2</p>	<p>The County shall coordinate with the Housing Authority annually.</p> <p>Develop outreach program: by 2025</p> <p>Distribute materials in hardcopy: by 2025</p>
<p>HE-M Housing Information Transparency</p> <p>The County shall, in accordance with AB 1483 (2019), obtain, maintain, update, and make publicly available information related to zoning ordinances, development standards, fees, exactions, affordability requirements, fair housing laws from the Department of Housing and Community Development and State Fair Employment, and Housing Commission’s enforcement program, programs and funding sources for homeowners at risk of foreclosure, State Historic Building Code, and information on energy conservation opportunities.</p> <p>The County shall, as appropriate, share this information on the County website and in hard copy form at County administrative offices and local community centers. Any changes to such information shall be made public within 30 days of changes. The County shall provide these items in Spanish, as funding and staff time allows. [New Program]</p>	<p>Create and share a digital information database in compliance with AB 1483 within one year of adoption of the Housing Element</p> <p>Updated information is made publicly available within 30 days of changes</p>		<p>Community Development Department (Planning Division)</p>	<p>General Fund (Staff time)</p>	<p>Within one year of adoption of the Housing Element.</p> <p>Updated, as necessary, with changes to approval procedures or zoning standards.</p>

Implementation Programs	Objectives	Implements What Policies	Who is Responsible	Potential Funding Source	Timeframe
<p>HE-N Accessory Dwelling Unit Constraints</p> <p>The County will monitor accessory dwelling unit (ADU) development and will identify and remove constraints, where feasible. Potential constraints include permit processing times, parking requirements, and restrictive development standards, such as setbacks or maximum accessory structure height. The County shall annually produce and publicize a report summarizing development trends and efforts to identify and remove constraints to ADU development. The County shall update the zoning code to remove identified constraints within one year of identification.
